## New Publications Part II

### Punto 31 - CLOUD

LANGYARNS CLOUD brings an explosion of colour to your wardrobe. Whether it be a cardigan, a top or accessories - it'll keep you in good spirits, even on a grey winter's day.

### Punto 33 - SNOWFLAKE

LANGYARNS SNOWFLAKE makes each project unique, no matter whether it's a hat or sweater. Knitted up on 6-7 mm needles, these chunky pieces are finished and ready to wear in no time.

### Accessoires Folder

If you are looking for a gift or something for yourself, you'll be spoilt for choice with the hat-designs in our new publication "Accessoires": with or without pompoms, in plain colours or with a gradient, in merino, alpaca or cashmere...

**Wishing you a wonderful weekend,  
Best wishes, Your LANGYARNS Team**
